ROOM DARKENING RANGE

Our room darkening products allow curtains to sit flush against the wall and wrap around the window from end-to-end, blocking out more daylight than a standard curtain pole, track or blind. Our room darkening poles also help insulate your room in winter while keeping your room cooler in summer.

25-28mm Room Darkening Poles

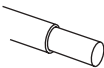

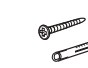

A curtain pole set with a plated finish. Designed for use with eyelet or tab top curtains.

To be installed outside the window recess.

This product is supplied with standard wall screws and plugs. You may need to purchase alternative wall screws and plugs depending on the surface type you are installing this product onto.

Contents

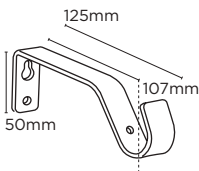

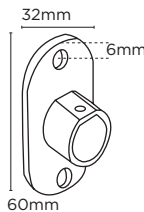

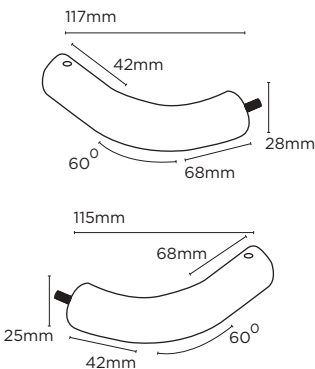

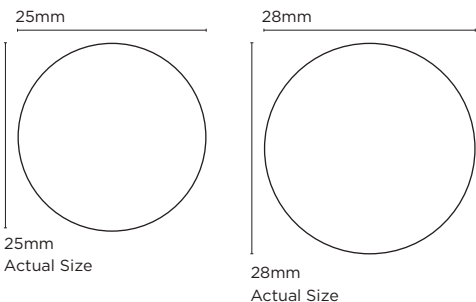

Size							
120-210cm	1	2	2	1	2 each	6 each	1
170-300cm	1	2	2	1	2 each	6 each	1

NEW PRODUCT

The curtain pole curves at both ends, the curtains sit flush against the wall and wrap around the window from end-to-end, blocking out light and help insulate the room.

NEW PRODUCT

Curves the curtain to the wall to help block out more daylight.
Your existing curtain pole fits into the support.

Description	Finish	Retail PET Box	Card Box	RRP
28mm Room Darkening Support Pk 2	Satin Silver	711011SP		£26.49
	Antique Brass	711012SP		
	Chrome	711013SP		
	Black	711014SP		

Keep your existing 28mm curtain pole, replace the end supports with the 28mm room darkening supports.

The wall supports curve the curtain to the wall to help block out more daylight.

Turn your existing 28mm curtain pole into a room darkening pole, to block out more daylight, insulate or cool your room

Remove your existing wall supports from both ends of your curtain pole and replace them with the 28mm room darkening supports

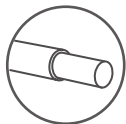

Slide your existing curtain pole through the 28mm room darkening supports and secure in place using the grub screws provided

10-13mm Ball Poles

An extendable curtain pole set with a plated finish. Designed for use with heading taped curtains, however if you remove the curtain rings you can use tab top or eyelet curtains.

This product is supplied with standard wall screws and plugs. You may need to purchase alternative wall screws and plugs depending on the surface type you are installing this product onto.

13-16mm Simply Acrylic Ball Poles

An extendable curtain pole set with a painted finish. Designed for use with heading taped curtains, however if you remove the curtain rings you can use tab top or eyelet curtains. Quick lock supports feature an inner rubber lug that ensures that your curtain pole stays fixed in place without the use of grub screws and an Allen key. This plastic lug efficiently prevents the curtain pole from moving sideways when you pull the drapery. The open support design allows you to quickly remove your curtain pole and curtains when they are ready to be cleaned or replaced.

This product is supplied with standard wall screws and plugs. You may need to purchase alternative wall screws and plugs depending on the surface type you are installing this product onto.

19mm Ball Eyelet 3 Sided Bay Poles

A bay window curtain pole set with two plated and one painted finish. This eyelet bay pole features a unique bending system, the poles are pre-cut to allow bending by hand for 3 sided bay window shapes. Designed for use with eyelet or tab top curtains, however if you add 19mm lined curtain rings you can use heading taped curtains.

This product is supplied with standard wall screws and plugs. You may need to purchase alternative wall screws and plugs depending on the surface type you are installing this product onto.

Cam lock supports - Mounting your head rail is quick and simple with these supports. Once they are secured on your wall bring the head rail to the support click the head rail onto the support and slide the lever arm to lock in place.

New design end caps - We have upgraded our end caps to feature a twist and lock mechanism. This makes installing your Roman blinds quicker and stress free. Simply twist the lever to unlock, adjust the end cap then twist and lock again securely into place. It's that easy!

Curtain Accessories

Hidden Curtain Lining Hooks Pk 8

White

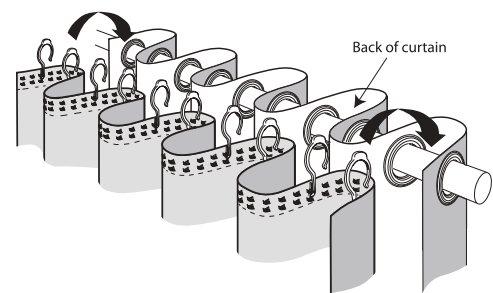

Hidden hooks are designed to hang loose curtain linings with ease and also create a blackout effect.

The hooks sit perfectly over most 28mm poles as shown below.

They can be used on shower rod poles, curtain poles and with eyelet curtains.

Compatible with 28mm diameter or less curtain poles.

Perfect for use while travelling, rental properties or students on a budget.

Description	Finish	Retail Pack	RRP
Hidden Hooks Pk 8	White	720480	£3.49

POM Curtains Hooks

White

These curtain hooks are made from a compound called POM which ensures that they are hard wearing and prevents the curtain hooks from snapping under weight or continued usage.

Automated Blinds

Motors, controls and accessories for
Connect Roman Blinds

In partnership with

Introducing motor and controls for automated blinds

Motors, controls and accessories for Connect Roman blinds

Our motors for Connect Roman blinds offer a sleek, quiet and effortless solution for modern living. Designed for easy setup and use, they integrate with our home hub, enabling seamless voice control via Alexa and Google Home Hub. Ideal for both residential and commercial spaces - including offices, shops and schools - these motors provide smooth, precise operation at the touch of a button.

Designed and tested with quality and care in mind.

Ellard's guarantee to you.

At Ellard, we take pride in delivering high-quality products and exceptional service that you can rely on. With years of expertise and a commitment to excellence, we guarantee solutions that meet your needs with precision and reliability. Whether you require cutting-edge innovation or dependable customer support, our dedicated team ensures that every product meets the highest standards.

Quality is not just a promise - It's our guarantee.

Choose Ellard for products you can trust and service that exceeds expectations.

Smart control with any smart device

Get connected with our Smart Home Hubs. By connecting the Hub to your Wi-Fi network, it allows you to operate your blinds via your smart phone with the free Shade Connector app or voice control devices.

- 2.4Ghz frequency
- App tutorials allow for easy setup
- Manage up to 30 blinds
- View battery life of the motors
- Operate your blinds in increments
- Compatible with Amazon Alexa, Google Assistant, Siri and IFFFT
- Connect wirelessly to Control4

Luxury Hub

Suitable for larger properties.

Product Code: BMHH.0001

Mini Hub

Suitable for smaller 2/3 bed properties.

Product Code: BMHH.0002

Description	Finish	Product Code	Outer Pack Quantity
Luxury Hub	White	BMHH.0001	Pack of 1 Single
Mini Hub	White	BMHH.0002	Pack of 1 Single

Take control with the Shade Connector app

The Shade Connector app allows for complete control from any smart phone or tablet.

Set blinds to automatically move throughout the day by setting scene. Set blinds to let light in during sunrise and close in the evenings.

Have complete control of the position of the blinds with incremental movements. A feature that is particularly useful with night and day blinds.

24SERIES Bundle Kits

For Connect Roman Blinds

Unlock great savings with our starter, Core, and premium bundle kits - each tailored to motorise a single window blind, with the option to add extra motors and accessories as you move up through the bundles.
